

JUNIOR LEAGUE OF GREENSBORO

2020-2021 Junior League of Greensboro Aging Impact Request for Proposals

Aging Focused Community Impact

The Junior League of Greensboro (JLG) began a more focused approach for community impact in June 2013 by partnering with Cone Elementary, a title I public elementary school located in northeast Greensboro. Since that time, much thought and research has gone into determining the issue best served by the resources and talent of the League. In 2017-2018, the Junior League of Greensboro voted on a new impact area: aging.

Proposals are currently being accepted from community organizations interested in partnering with the League to address the needs of aging adults within Guilford County. All community programs selected must benefit the aging population in some way.

Your proposal should clearly indicate how your organization, along with our volunteers, will serve the Guilford County community through a focus on aging. If you have questions, you may call Tuisha Stack, JLG External Planning Chair at (336) 508-9772 or email her at JLGProjects@gmail.com.
